- Single page web application built using React, React Router and API fetch calls to JSON server
- Styled with CSS and Bootstrap

OTHER SKILLS

- French (spoken and written)
- Team management
- Communication
- Adaptability to change
- Idea exchange

ABOUT ME

Montrealer turned Nashvillian, I have always been one to go where the flow took me. I made the decision last year to change that, and make a very intentional return to school to change careers. Software development had been one of my interests for a long time, and I am confident I have found a field where I belong. A field where teamwork is king, and where there is always something new to learn.

TECHNICAL EXPERIENCE

NASHVILLE SOFTWARE SCHOOL | JULY 2021 - PRESENT

SOFTWARE DEVELOPER APPRENTICE

NSS is a six-month intensive, full-time software development bootcamp focusing on HTML, CSS, Javascript, React and server-side fundamentals with Python and Django.

- Single-page application development with React and with a focus on modern ES6 + Javascript features and modular code
- Project management with issue tickets and GitHub Projects
- Database planning by building entity relationship diagrams (ERD) to define relationships with an emphasis on maintaining a flat data structure
- Utilized vanilla Javascript (ES6) and React.js to create single page dynamic web applications using full CRUD functionality
- Styled applications using CSS, Bootstrap, reactstrap and Material UI
- Completed 6 group project sprints while fully remote, comfortable with Slack, Zoom, GitHub Projects, and wireframes for group communication and collaboration.

PROFESSIONAL EXPERIENCE

TRADER JOES | DEC 2017 - JUNE 2021

CREW MEMBER / MATE(MANAGER)

- Trained new crew members, helping them work as efficiently and safely as possible
- Tasked to order daily for specific sections of the store over the years, optimized merchandising for those sections, driving up sales
- Charged with opening and closing the store on a rotating schedule
- Worked alongside the crew to get the store running efficiently
- Helped crew members develop in areas they were interested in, such as leading sections, getting on the art team, furthering their careers within the company

KING PACKAGED MATERIALS | SEPT 2008 - JUNE 2016

SALES AND MARKETING COORDINATOR, MASONRY & CONSTRUCTION

- Worked as a hinge between sales, production, and quality control, ensuring clear communication and timely production for special orders
- Managed an inventory of hundreds of tons of product, raw materials, and packaging
- Collaborated closely with dispatch for delivery of special orders, created customs papers for orders going to the U.S., and supervised over 600 truckloads of materials to the East Side Access project in Manhattan, an extension of the metro
- In 2012, when the company moved plants, I was charged with running our Blainville office and shipping yard
- Proofread, handled translation, production and distribution of all promotional material

EDUCATION

NASHVILLE SOFTWARE SCHOOL | 2021 - 2022

FULL-STACK WEB DEVELOPMENT BOOTCAMP
